Piedras Blancas Elementary School Bathrooms

1. Synopsis – All communities/villages in Guatemala have a basic elementary school that serves first through sixth grades. Some also include pre-school/kindergarten. Piedras Blancas could only conduct classes for two hours a day as there were no bathrooms for students or faculty. Not that they were not working, there were truly no bathrooms.
2. Areas of Focus – Education: creating an environment for all who study or work at the school to be able to attend a full academic day.
3. Cost – Q24,010/\$3,000
4. Commentary – Through a generous donation by the Rotary Club of Anthem (Arizona), Piedras Blancas now has a girls and boys bathrooms as well as one each for the female and male faculty members. Starting with the 2023 school year, this community can enjoy attending school full time for years to come.
